48 HOURS

07/01/17 **48 HOURS: “The Secret Life Of Paige Birgfeld” (9:00-10:00p)** – An updated rebroadcast on the June 28, 2007 disappearance of Paige Birgfeld, twice-divorced mother of three and a resident of Grand Junction, Colorado and the subsequent double-life uncovered by investigators following her disappearance. Following her divorce, Paige became the primary caregiver to her children and was described as such a devoted mother that the Mesa County Sheriff’s Department was convinced she would never have left on her own accord. As friends and family searched for her; her car was found abandoned and on fire in an empty lot. Her first husband, Ron Beigler became the focus of the investigation, when it was learned that the two had been on a date the day of her disappearance, but Paige’s friends and family were far more suspicious of the children’s father, Rob Dixon, as she had a troubled history with him. After a thorough inquiry, both men had solid alibis. As the investigation continued, it was discovered that Paige was also known as Carrie, a high-priced escort. Investigators then began to believe Paige was murdered by one of her clients. Using her cell phone records, police began carefully looking at all of her clients and eventually honed in on one man, Lester Ralph Jones, an ex-con who had served time for kidnapping and assault. Authorities searched his home, but will not discuss what evidence they uncovered. Search dogs led investigators from Paige’s car to an RV shop where Jones worked as a mechanic. Although authorities have zeroed in on Lester Ralph Jones, no charges have been filed and he denies any involvement. The lack of a body, coupled with Paige’s secret life, have made it that much harder to prove anything beyond a reasonable doubt. Her friends and family continue their search. On-screen text graphic: Paige Birgfeld’s parents sought custody of her children, but the courts ruled they would remain with their father, Rob Dixon. The investigation is continuing into the disappearance of Paige Birgfeld. 09/05/15 UPDATE: In 2007, five years after Paige went missing there was a break in the case: a hiker came across human remains which police eventually identified as Paige. Although the evidence is still circumstantial, Chief Deputy DA Dan Rubenstein, who is now heading the investigation, believes he has enough to make a case against Lester Ralph Jones. In 2014, Lester Ralph Jones was arrested and charged with her murder and kidnapping. Now, prosecutors must prove he killed her. On-screen text graphic for the 09/05/15 rebroadcast: Paige’s three children are living with their father on the east coast. Lester Ralph Jones’ trial is expected to begin in early 2016. 07/01/17 Epilogue: In July 2016, nine years after Paige Birgfeld went missing, Lester Ralph Jones went on trial. After a six-week trial, the jury was deadlocked. A mistrial was declared. A second trial occurred just after Christmas 2016, and the jury reached a verdict: Jones was convicted of kidnapping and murder and sentenced to life in prison without parole. (Original Correspondent: Harold Dow; Correspondent for the 09/05/15 and 07/01/17 Updated Rebroadcasts: Erin Moriarty – Original Producers: Loen Kelley, Sara Ely Hulse, Ira Sutow; Producers for the 09/05/15 Updated Rebroadcast: Tom Seligson, Sara Ely Hulse, Lindsey Gutterman; producers for the 07/01/17 Updated Rebroadcast: Tom Seligson, Sara Ely Hulse, Lindsey Schwartz) (OAD: 06/10/08 as 48 HOURS VANISHED: “The Secret Life Of Paige Birgfeld”; 1st Rebroadcast: 02/28/09 as a 48 HOURS MYSTERY, which included a brief updated text graphic at the conclusion. 2nd Rebroadcast: 03/27/10 as 48 HOURS MYSTERY: “The Secret Life Of Paige Birgfeld”; 3rd Rebroadcast: 09/05/15)

48 HOURS (continued)

07/01/17 **48 HOURS PRESENTS: "Crime and Punishment" (10:00 – 11:00p)** - a report on what happens to a family after a murder rips them apart; and the nearly 25-year quest by Tippy Dhaliwal and Jeanette Marine, two California women, who are determined to deny their step-father Dennis Ott's parole for the murder of their mother Phonthip Ott. Each time Ott comes up for parole, the sisters are there to fight for their mother and vow to never give up. The two women are steadfast in the belief that their step-father Dennis Ott, murdered their mother. In 1992, Phonthip Ott's body was found by a fisherman in the Sacramento River in Sacramento, California. The police investigation dragged on for nearly two years. Eventually, Ott was charged with the murder. He was tried, convicted and sentenced to life in prison with the possibility of parole. Ott has maintained his innocence, which could be a sticking point in the parole hearings. Admitting guilt or showing remorse isn't mandated, but legal experts believe it goes a long way with those deciding whether prisoners are paroled. The daughters realize that their fight for justice did not end with a guilty verdict; they must face Ott year-after-year to keep him in prison. Tippy Dhaliwal has been diagnosed with cancer, but she and Jeanette vow never to give up. At this hearing, Ott is again denied parole and must remain in prison. He will be eligible for another hearing in two-and-a-half years. Original On-screen text graphic: Dennis Ott's parole hearing has been moved up to October 2017. Tippy's health is better and both she and Jeanette plan to continue fighting Dennis Ott's release. On-screen text graphic for the 07/01/17 rebroadcast: On May 17, 2017, Dennis Ott had another parole hearing. It was denied. Ott's next parole hearing will be in three years. Tippy and Jeannette will continue to fight Ott's release. Interviewed: Jeanette Marine and Tippy Dhaliwal (daughters); Dennis Ott (step-father); Paul Parker (Sutter County Sheriff); Larry Lewis (Jeanette and Tippy's grandfather); Vicky Van Atta (Sutter County District Attorney's Investigator); Frank Hartzell (former reporter, Appeal Democrat); Marin Atkinson (Ott's mother); Jennifer Shaffer (executive director, California Board of Parole Hearings); Amanda Hopper (Sutter County District Attorney) (C: Tracy Smith - Marcelena Spencer) (OAD: 01/07/17 as 48 HOURS: "Crime and Punishment")

07/08/17 **48 HOURS: "The Soldier's Wife"** - an interview with, and a report about Skylar Nemetz, a former Army infantryman who admits that he shot his wife Danielle, in their Lakewood, Washington home in October of 2014, after returning home from a 3-week deployment. He maintains it was an accident and that he did not think the gun was loaded. Eighteen months after the shooting, Skylar Nemetz is on trial, awaiting a jury's verdict. The prosecution maintains a jealous Nemetz shot Danielle in the back of the head while she was seated at a desk looking at her computer. She died instantly. Skylar Nemetz's mother, Danette Heller, believes in her son, and he and his family see the incident as an accident. They have hired a top-notch legal team to defend Skylar. There is no dispute that Nemetz caused Danielle's death; the question is if it was murder or manslaughter. At trial, Skylar is portrayed as a jealous, angry, and controlling husband. The defense called Skylar to testify, and called for the jury to find him guilty of manslaughter, not murder. The case goes to the jury, who deliberated for seven days: the verdict: manslaughter in the first degree. Four jurors agreed to speak to Erin Moriarty about their verdict, and even though they felt Skylar was coached, rehearsed and theatrical, they could not see that the prosecution proved its case. Three weeks later, Skylar received the maximum sentence. Original On-screen text graphic: Skylar Nemetz is appealing the length of his sentence. Skylar Nemetz will be eligible for parole in 12 years. He will be 33 years old. On-screen text graphic for the 07/08/17 rebroadcast: Skylar Nemetz is appealing his thirteen and a half year sentence. His earliest possible release will be in 2028. Skylar will be thirty-four years old. Interviewed: Skylar Nemetz; Danette Heller (Skylar's mom); James Peltier (Danielle's former neighbor and father figure); Michaela Yingling (Danielle's best friend); Erin Mikolai (Danielle's coach); Anthony Faas (Skylar's army buddy); Greg Greer and Michael Stewart (Deputy Prosecuting Attorneys); Ralph Flick, Mike Duncan, Brad Hardesty, and Shane Vandervoed (jurors). (C: Erin Moriarty - P: Lisa Freed, Liza Finley, Allen Alter) (OAD: 05/07/16)

48 HOURS (continued)

07/15/17 **48 HOURS: "Breaking Point"** (9:00 – 10:00p) – the first hour of back-to-back editions dealing with the investigation into the 2012 death of 29-year-old lawyer Ryan Poston, at the hands of his on-again/off-again girlfriend Shayna Hubers, who admits to killing him, but who claims it was self-defense. At the time of his death, Ryan Poston was a young successful attorney with a bright future ahead of him. Shayna Hubers' family and friends also thought she would be successful in all she did. The couple met on Facebook and dated on and off for 18 months. Ryan was busy with his career and not ready to settle down, but found it hard to let go of Shayna. According to Ryan's friends, Shayna's behavior became obsessive. He told her he was not seeing her on the weekend of October 12, 2012, but did not tell her that he had a date with another woman. He did not make the date: a 911 call to police was made by Shayna, telling police she had shot her boyfriend in self-defense. Police were suspicious from the start. She had shot him six times. Shayna also talked endlessly during the 3-hour interrogation video and then, when alone, she danced and sang songs. Friends said Ryan was not an abuser. She was charged with murder. Investigation revealed that, after the shooting, she waited 10 minutes to call 911. She also texted endlessly; there were thousands of text messages to Ryan, most of which he did not answer. Yet, because of Kentucky laws, he could not get a restraining order. Prosecutors believe that Shayna could not deal with Ryan's rejection and that her rage sent her over the edge. She believed it was over for good and would have none of it. Now it is 2014, and she has been jailed since 2012 awaiting trial. Interviewed: friends of Ryan Poston's: Matt Herron and Allie Wagner; mentor, attorney Ken Hawley and his assistant Lori Zimmerman; Shayna's friend, Sarah Robinson; Ryan's neighbor, Nikki Carnes; Lieutenant Dave Fornash; Highland Heights, Kentucky Police Chief Bill Birkenhaur; Prosecutor Michelle Snodgrass; Shayna's mother, Sharon Hubers ; and neighbor Doris West. 07/15/17 **48 HOURS: "Obsessed"** (10:00 – 11:00p) - the second hour of back-to-back editions dealing with the investigation into the 2012 death of 29-year-old lawyer Ryan Poston, at the hands of his on-again/off-again girlfriend Shayna Hubers, who admits to killing him, but who claims it was self-defense. In 2014, two and a half years after the crime, the trial is set to begin. Central to the trial is what Shayna told police. Prosecutors believe the only person in danger that night was Ryan Poston, and that Shayna acted out of hate. Ryan did not want to see Shayna anymore. There were no signs of a violent struggle, as Shayna had suggested happening. Shayna's mother, Sharon Hubers, cannot comprehend what is happening to her daughter. The defense must convince the jury that Ryan was the aggressor. A verdict is reached: guilty of murder. The court re-convenes for sentencing. Shayna Hubers, who has been diagnosed as a narcissist, addresses the court, but never apologizes to Ryan's family. Shayna Hubers is sentenced to 40 years. 07/15/17 Epilogue: One year later, a surprising development: a new trial is ordered. The verdict was overturned due to a problem with the jury. Shayna will be tried all over again, in about a year. Ryan's family is ready. Original On-screen text graphic: Shayna Hubers' appeals attorney is asking for a new trial. A convicted felon served on the jury and should have been disqualified. 07/15/17 On-screen text graphic: Shayna Hubers remains in jail without bond. 07/22/17 **48 HOURS: "The Mortician, The Murder, The Movie"** – an investigation into the 1996 death of Marjorie Nugent, a wealthy Texas widow, who was shot dead by her constant companion, Bernie Tiede, a mortician 40 years her junior; the film the case inspired; and the latest twist in the case, which has thrust the story back into the headlines. Bernie Tiede arrived in Carthage, Texas in 1985 and became a popular figure around town, eventually becoming the constant companion of Marjorie Nugent following the death of her husband. In 1996 Tiede shot Nugent and hid her body in a freezer, where she remained for nine months. All along, Tiede maintained she was alive, but when police searched her home, he confessed to the crime and was sentenced to prison. The bizarre story captured the attention of filmmaker Richard Linklater, who made it into the 2011 film, "Bernie". The film caught the attention of lawyer Jodi Cole, who raised allegations that Tiede was abused as a child and by Nugent, leading him to murder Nugent. Marjorie Nugent's family maintains Tiede is conning everyone, and that he killed Marjorie Nugent to hide the fact that he had squandered the widow's money. Original On-screen text graphic: Bernie Tiede will be eligible for parole in 2029. He will be seventy years old. His attorneys are appealing his sentence. 07/29/17 **48 HOURS: "Death on the Hudson"** (9:00 – 10:00p) – an updated rebroadcast on the case against Angelika Graswald, who has been charged with killing her fiancé Vincent Viafore, during a kayaking trip on the Hudson River in April 2015. New information and evidence may prove there was no murder. Ten days after Viafore's death, Graswald was questioned by police for approximately 11 hours, then arrested for murder in the second degree. Investigators maintain Graswald killed Viafore for financial gain after their relationship soured. Her defense team argues his death was a boating accident. The case is examined through interviews with legal experts, friends of the couple and an examination of key evidence in the case. 07/29/17 Epilogue: After years of proclaiming her innocence, Graswald pleaded guilty to criminally negligent homicide. The Orange County District Attorney explained the decision to downgrade the charges, saying it would be difficult to prove intent, even though she did admit to pulling the plug from the kayak. Pulling the plug would only cause death when combined with a number of other factors. This plea spares her a possible twenty-five years to life prison term; with time served, she could be on parole by the end of the year. Original On-screen text graphic: Angelika has been in jail for more than four months. Her trial is expected in Spring 2016. 07/29/17 **48 HOURS: "The Strange Life of Dr. Schwartz" (10:00 - 11:00p)** - an investigation into the death of beloved physician Dr. Steven Schwartz, found dead, seemingly as a result of a botched robbery; how his life came to such a violent end; and insight into a series of mysteries connected to him and his family. Schwartz, a wealthy well-respected kidney specialist was found dead -- shot, stabbed and beaten. Police discovered his body in his home after his second wife Rebecca called to report a robbery. Police investigation uncovered a family with strained relationships, different allegations on what may have happened and a secret life that Dr. Schwartz had hidden from his offspring. A year after the murder, police arrested Leo Anton Stragaj, an employee of Schwartz's. Stragaj admitted to seeing the body and not calling police, he says due to his immigration status. He says he did not commit murder and says that Schwartz's wife had something to do with it, because she asked him to find someone to kill Dr. Schwartz and has set him up. Also uncovered in the investigation were reports about Schwartz killing a dentist in 1961 in a botched robbery attempt in New Mexico. He spent nine years in prison before his sentence was commuted. He and his accomplice, Phillip Dyer, went on to live accomplished lives. Carter Schwartz, his son from his first marriage, was completely unaware of this information. Friends and colleagues suspect that Rebecca Schwartz was involved. Police believe that Rebecca Schwartz used this information to blackmail Dr. Schwartz. Rebecca Schwartz has sold the medical practice, moved to Wisconsin, and has caused heartache for another woman. Carter Schwartz has a civil suit filed against Rebecca Schwartz. 48 HOURS

08/05/17 **48 HOURS: “Death By Text”** – an updated rebroadcast about the death of Conrad Roy III, and the groundbreaking case against Michelle Carter, who prosecutors say influenced Roy, via text messages, to kill himself. On July 12, 2014, Conrad Roy died of carbon monoxide poisoning after sitting in his truck with a gas-powered water pump running in the backseat. Prosecutors say Roy was driven to kill himself through hundreds of incessant messages from Carter, who was more than 30 minutes away at the time he died. Carter was later charged with involuntary manslaughter. Her defense team maintains Roy decided to kill himself on his own. As seen through his own videos, Conrad Roy talked about his own struggles with social anxiety, depression and thoughts of suicide. His mother Lynn Roy, also talks about the death of her son and the pain she lives with. Though they lived an hour apart in Massachusetts, the couple communicated almost exclusively via texts, online and by phone. The prosecution maintained Carter could have done something to stop Roy. The heart of the case is the question of whether Carter’s texts and messages pushed Roy to take his life, or would he have done it anyway. Prosecutors argued that Carter played on Roy’s mental health and her actions were reckless; she knew what she was doing and just wanted attention. The defense maintains Carter had her own psychological problems and that she was also involuntarily intoxicated by the antidepressant drug Celexa: she was enmeshed in the delusion that it was a good thing to help him die. The prosecution hoped the judge paid attention to the text Carter sent to her friend a week after his death, in which she admitted she could possibly go to jail. After three days of deliberation, the judge rendered his verdict, completely rejecting Carter’s defense and finding her guilty. At sentencing Michelle Carter could receive twenty years behind bars. The Roy family knows that words have power, and that they can forever change lives. Update for the 08/05/17 updated rebroadcast: Nearly seven weeks after being convicted, Michelle Carter, arrives for sentencing. The prosecution asked that Carter serve 7-12 years in prison. Her attorney requests probation. Judge Lawrence Moniz sentences Michelle Carter to fifteen months behind bars – a sentence that does not please the defense, who will appeal the conviction. Her attorneys request to stay the jail sentence. The judge grants the stay, meaning Michelle will be out on probation until the appeal makes its way through the Massachusetts court system. Neither Michelle nor her family, have reached out to the Roy family. On-screen text graphic for the 08/05/17 updated rebroadcast: Lynn Roy has filed a 4.2 million wrongful death suit against Michelle Carter. The goal is to establish a memorial for Conrad. Interviewed: Lynn Roy (mother); Camdyn Roy and Morgan Roy (sisters); Aryanna Taylor (friend of Conrad Roy); Ed McFarland (Carter’s softball coach); Bob McGovern (Boston Herald legal columnist); Harold Koplewicz (child and adolescent psychiatrist). 08/12/17 **48 HOURS: “Eleven Hundred Miles to Murder”** – an investigation into the 2015 murder of Dr. Teresa Sievers, a Bonita Springs, Florida doctor murdered inside her home and the investigation that led to two suspects eleven hundred miles away in Missouri. Police initially suspected her husband Mark Sievers, but he had an airtight alibi. A tip led police on a 1,000 mile trip that took the case in an unexpected direction. Mark Sievers believed there might be a tie to other suspicious deaths of doctors around the country. Eventually, Mark Sievers became a person of interest. Two months after the murder, police arrested two men in Missouri and charged them with Dr. Sievers murder: Curtis Wayne Wright (aka Wayne Wright), and Jimmy Ray Rogers (aka “The Hammer”) traveled from Missouri to Florida and murdered Dr. Sievers. What would be the motive? Police learned that Wayne Wright was a friend of Mark Sievers; that Mark had taken out five life insurance policies on Dr. Sievers; that the two had an open marriage, money problems and other serious issues. Eight months after the murder, facing the death penalty, Wayne Wright admitted to killing Dr. Sievers and accused Mark Sievers of being the mastermind behind the crime. Mark Sievers was then charged with the murder of his wife. Mark Sievers and Jimmy “The Hammer” Rogers have both pleaded not guilty and will be tried together. On-screen text graphic: Mark Sievers and Wayne Wright are being held in different jails. Teresa’s mother is now guardian of the Sievers children. No trial date has been set. 48 HOURS (continued)

08/19/17 **48 HOURS: "Last Chance for Freedom" (8:00 – 9:00p)** – an updated followup to "Reasonable Doubt" (OAD: 11/01/99), and its retitled rebroadcast, which included an update, "Impossible Mission" (OAD: 07/10/00). This followup continues the report on Crosley Green, who in 1990, despite his claims of innocence, was convicted of the murder of Charles "Chip" Flynn in a Titusville, Florida orange grove and sentenced to death. Green has spent the last 26 years, with help from lawyers and private investigators, trying to prove his innocence. This report reveals new evidence that suggests Crosley Green is innocent. At the time of the murder, Green was a small-time drug dealer who said he was two miles away when Flynn was killed. Green was arrested after Flynn's former girlfriend, Kim Hallock, told police that she and Flynn had been carjacked by a black man with a gun and driven to a remote orange grove. Flynn was killed, but Hallock escaped. She identified Green from a picture photo lineup. Green's state appeals -- nine of them -- are now exhausted, but his current attorneys Keith Harrison, Bob Rhoad and Jeane Thomas, along with an original private investigator Joe Moura (now a 48 HOURS consultant) have one last hope: federal court. They believe they have enough evidence that the conviction is part of a distinct pattern and practice of government misconduct in Brevard County. Three other men, Bill Dillion, Juan Ramos, and Wilton Dedge have had their convictions overturned; two of them were prosecuted by Christopher White. Green's attorneys believe that what makes this case different is a mountain of evidence that demonstrates Crosley Green in actually innocent. At the heart of their case are notes from Assistant State's Attorney Christopher White's meeting with officers Mark Rixey and Diane Clarke (who speak to 48 HOURS for the first time). Green's lawyer says that their notes say they think the girl (former girlfriend Kim Hallock) killed Flynn. White is asked about the possibility that Flynn's death was a result of something other than intentional murder. He says he believes the judicial system worked. Update for the 08/19/17 updated followup: This past June, the 11th Circuit Federal Court of Appeals said it will allow Green's attorneys to argue in person why his case should not have been dismissed. If the panel agrees, Green will finally get his case hears in federal court. On-screen text graphic: The Florida Attorney General's Office is fighting to uphold Crosley Green's conviction. They say Green failed to meet a filing deadline for his appeal. On-screen text graphic for the 08/19/17 updated followup: Crosley Green's attorneys are expected to make their appeal in court in November 2017. Interviewed: Crosley Green; Keith Harrison, Bob Rhoad, Jeane Thomas (Green's attorneys); Tim Curtis (bodyshop owner/friend of Chip Flynn); Joe Moura (private investigator/48 HOURS Consultant); Sheila Green (sister); Lisa DiMeo (criminologist); Mark Rixey and Diane Clarke (Brevard County officers); Christopher White (prosecutor); Bill Dillion (falsely convicted); Mike Pirolo (Dillion attorney); Wilton Dedge (falsely convicted). 08/19/17 **48 HOURS PRESENTS: "Princess Diana: Her Life / Her Death / The Truth (9:00 – 11:00p)** - a two-hour report examining the public and private life of Diana, Princess of Wales, who died on August 31, 1997 in a car crash with her boyfriend, Dodi Al Fayed, in the Alma tunnel in Paris. Through the words of those who knew her and admired her, through her own words, and through the archives of CBS News, this program examines the impact Princess Diana had on Great Britain, the monarchy and the world. From her 1981 wedding to Prince Charles until her tragic death, Diana was a complex, unpredictable woman who captured the hearts of the public -- during her royal marriage, her reemergence into public life following the royal divorce, her death and beyond. Her death was just as controversial as her life, as described through four independent investigations in two separate countries. The various theories are examined about what really happened the night she was killed in the car crash. The conclusion of the broadcast updates viewers on how her sons, Prince William and Prince Harry, are honoring their mother's good works, which helped to bring the British monarchy into the modern age. Interviewed: Lana Marks (Diana's friend); Patrick Jephson (Diana's private secretary); Ken Wharfe (Diana's Scotland Yard Royal Bodyguard); Sally Bedell Smith (author, *Diana in Search of Herself*); Ingrid Seward (editor, *Majesty Magazine*); Richard Kay (Diana's friend, Royal Commentator, "Daily Mail"); Peter York (writer); Mary Robertson (Diana's friend and employer); David Starkey (Royal Historian, CBS Consultant); Wayne Sleep (dancer); Trevor Rees-Jones and Kez Wingfield (Al Fayed Bodyguards); Roya Nikkahah (Royal Correspondent, "The Sunday Times"); Christina Lamb (Chief Correspondent, "The Sunday Times"); Tim Gunn (fashion consultant); Dai Davies (fmr. CBS NEWS SPECIAL / SPECIAL REPORTS

08/11/17 **CBS NEWS SPECIAL: "Son of Sam" / The Killer Speaks** - from 1976 to 1977, a serial killer terrorized New York City - killing six people and wounding seven others in seemingly random shootings. Originally dubbed the ".44 Caliber Killer" by New York newspapers, the victims were often couples in parked cars, and the women usually had shoulder-length, dark brown hair. As the victim count rose, the only substantial clues police had were two letters, one sent to the task force looking for the killer, and the other to newspaper columnist Jimmy Breslin, in which the killer identified himself as the "Son of Sam". Diligent police work led to the capture of David Berkowitz, a 24-year-old postal worker from Yonkers, New York for the crimes. Now, in his first major television interview in a decade and his only interview about the 40th anniversary of his arrest, David Berkowitz speaks from Shawangunk Correctional Facility in Wallkill, New York. He tells Maurice DuBois (of WCBS-TV) about what led him to kill, his life before he became a murderer, and his life in prison today. Also included: interviews with shooting victims Carl Denaro and Robert Violante; Sam Roberts (former editor, New York Daily News); Capt. Joseph Borelli ("Son of Sam" task force); Bill Clarke (NYPD Homicide Detective); Dave Gorman (Berkowitz' neighbor). Lexington Detective Craig Sorrell received a call from ViCAP, a national crime registry database, linking the crimes. His trial started in May of 2000 in Houston; he was found guilty of capital murder. Holly testified in the penalty phase of the trial and identified Resendiz in court. The jury decided he was a future danger to society and the judge sentenced him to death. He was executed in June of 2006. Holly chose not to attend the execution. She has dedicated her life to helping other victims and founded Holly's House, a child and adult advocacy center in Evansville, Indiana. 48 HOURS: “Stalking: Out of the Shadows” (9:00-10:00p) and “Stalked” (10:00-11:00p) - a two-part investigation into stalking -- the victims, the stalkers, the dangers and long-term psychological damage this torment causes; and the efforts by actress Pauley Perrette to change ineffective laws that do not protect the victims. Also included: a report on the stalking death of singer Christina Grimmie, who was shot dead by an obsessed fan she didn’t even know was stalking her online; and an interview with Justin Massler -- a serial stalker with a diagnosed mental illness, who was arrested for stalking Ivanka Trump.

(1) Stalking: Out of the Shadows (9:00-10:00p) - the death of Christina Grimmie is detailed. She was shot dead by an obsessed fan she did not know was stalking her who showed up at a concert armed with two handguns and pulled the trigger, killing Grimmie and himself. The case was similar to the 1989 death of actress Rebecca Schaeffer, in that the stalker fantasizes that he is in a relationship with his victim and wants a permanent bond. Stalking is a silent crime with many victims afraid to speak out, fearing they will enrage their stalker. Also included: actress Pauley Perrette, a stalking victim herself, talks about her efforts to change stalking laws and the bonds she has formed with other victims. Perrette does not think her stalker will ever leave her alone. (OAD: 02/25/17)

(2) Stalked (10:00-11:00p) - some stalkers become obsessed with people they do not know. Leonora Claire has been stalked by a man she met only once, who read about her in a magazine and came to an art exhibit she curated. Serial stalker Justin Massler has been obsessed with her for nearly six years and she has lived in constant fear, believing he could harm her at any time. Massler, who has been diagnosed with a mental illness, will not leave her alone. In 2010, he was arrested for stalking Ivanka Trump, and previously targeted the Kardashian family. Now, the secret service is interested in him because of the Trump connection. Included is an interview with Massler, whom anchor Erin Moriarty tracked down and conducted an interview via the internet. His mother says he is living near her in Nevada and is getting medication. He has not contacted Leonora Claire in four months. **On-screen text graphic:** Christina Grimmie’s new single “Invisible” was just released by her family, ZXL Music and Republic Records. 48 HOURS: "Hunted" - an investigation into the case of a serial rapist, who preyed on women young and old, in multiple states and over a period of years -- and the search to stop him. The rapist worked with military precision, tracking the women's schedules, photographing them during the attacks and then forcing the women to shower or bathe as a way to clear out any evidence. Investigators from two Colorado police departments (Golden and Westminister) and the FBI pieced together the assailant's trail through smart policing, collaboration and luck. In 2011, a Golden, Colorado case, led to a similar case in nearby Westminister, Colorado. In comparing details of the attacks, detectives realized they were on the trail of a serial rapist. That information and another nearby case led them to Marc O'Leary, a 32-year-old Army veteran, who was eventually arrested. O'Leary ultimately pled guilty to sexual assault charges and then agreed to talk about the crimes. This led to a rare glimpse into the mind of a serial rapist, something detectives could never have imagined. Also featured is the story of a young Washington woman who the detectives discovered had been raped by O'Leary. Initially, the Lynnwood, Washington police did not believe her story. After the truth came out, the police force received training regarding this mistake. **On-screen text graphic:** Stacy Galbraith is now an agent for the Colorado Bureau of Investigation. Edna Hendershot was promoted to the rank of sergeant with the Westminister Police Department. Galbraith and Hendershot both stay in contact with the women Marc O'Leary attacked. Interviewed: Mary (rape victim, not her real name); Stacy Galbraith (Golden CO police detective); Edna Hendershot (Westminister, CO police detective); Jonny Grusing (FBI Special Agent); Bob Weiner (Deputy Jefferson County District Attorney); Amy Wozny (O'Leary's former girlfriend); Julie Pech (potential victim); Rodney Cohnheim (Lynnwood, WA Police Department Commander). 48 HOURS: SOLVE THIS CASE: "Who Killed Kay Wenal" - an investigation into the unsolved murder of Kay Wenal, who was found murdered inside her Georgia home in 2008. The case has been difficult to solve because there were no fingerprints, no evidence of a break-in and the killer took the weapon with him. Kay did not seem to have any enemies and her husband had a solid alibi. The only clues in the case are an expletive-filled cut-and-paste note sent to a newspaper and a police sketch of a suspect seen the day before and the day of the murder by a neighbor. Investigators are asking the public-at-large to help solve the crime. Gwinnett County Police Sergeant John Richter and Lieutenant Steven Shaw, the current detectives assigned to the case, and investigators hired by Hal Wenal -- John Inosigna, Ned Timmons, a retired FBI agent and his ex-wife, investigator Kathleen Timmons, and retired Gwinnett County Police Lieutenant Charlie Bishop discuss the case --including their theories. Former FBI profiler Mary Ellen O'Toole discusses her opinions regarding the note sent to the Atlanta Journal-Constitution. The hope is that exposing critical evidence to a nationwide audience on television, online and on social media platforms will help to solve this case. Also interviewed: Pam Sleeper (Kay Wenal's sister); David Hughes (contractor/business associate). **On-screen text graphic:** Anyone with information is asked to contact: Gwinnett County Criminal Investigation Division anonymous tip line at 770-513-5390. 48 HOURS: “The Widow on Solway Road” (10:00-11:00p) – an investigation into the murder case against Raynella Leath for the death of her second husband, David Leath, who was found shot dead in his marital bed, the trial, and the mysterious death of the widow’s first husband, Ed Dossett, originally classified as an agricultural accident. Raynella and Ed Dossett were a power couple in Knoxville, Tennessee, where Dossett was the Knox County District Attorney General. Tragedy befell them, when Ed was diagnosed with terminal cancer; he then died in a freak accident on the family farm. Six months later, Raynella married David Leath, the local barber. After Leath’s death, the wheels of justice moved slowly, and Leath’s daughter, Cindy Wilkerson, filed a civil suit against Raynella. Prosecutors took notice and interest was revived in Dossett’s death. One theory was that Dossett’s unusual death was more about insurance money than cancer. His medical records were reviewed and the cause of death was ruled to be a morphine overdose. In 2009, Raynella went on trial for David Leath’s death but the jury deadlocked. In the second trial, she was convicted of first degree murder and sentenced to life in prison. After six years, the conviction was tossed out, because the judge was revealed to have been impaired by drug addiction. In 2017, fourteen years after Leath’s death, a third trial begins, but before the jury has a chance to deliberate, Judge Paul Summers (soon to be retiring), grants an acquittal (not guilty), dismissing the case; saying that prosecution had not met its case. Under Tennessee law, there is no appeal. Prosecutors are stunned. Jurors believe that, had they deliberated, they would have convicted her. Information also came to light about her trying to murder another man, Steve Walker, who had found out that his wife had given birth to Ed Dossett’s biological child. Raynella Leath is a free woman. **On-screen text graphic:** Prosecutors intend to file a petition to exhume the body of Raynella’s first husband, Ed Dossett, to gather more evidence. They will decide whether to review charges against her for his death. Raynella has moved back to the farm outside Knoxville on Solway Road. Interviewed: Diane Fanning (author); Cindy Wilderson (Leath’s daughter); Beth Roberts (Leath’s cousin); Steve Crump (prosecutor); Rebecca LeGrand and Josh Hedrick (defense attorneys); Dr. Greg Davis (Kentucky state medical examiner/defense consulting doctor); Steve Walker (intended victim); Paul Summers (trial judge, now retired); Michael Persicano, Jesse Caps, William McMichael (jurors) (C: Erin Moriarty – P: Josh Gaynor, Lisa Freed)
